

Detective Quigley,

My name is Colin McCabe and I was asked to provide you with a flash drive of a video that I took while exiting the Dedham Courthouse on 2/26/24. The video started @ about 2:21 pm as we were walking down the courthouse ramp and continued as we walked across the street to the parking lot behind the Registry of Deeds. The video runs for 1:48 long. I also provided some screenshots taken from within this video. It was a crazy situation where I was filming all of the FKR supporters saying things to us. In the large group of people leaving the courthouse with us was a woman named Lindsey Gaetani. She has a restraining order against Aidan Kearney. After we left court that evening I pulled up the video and began to watch it because I thought I might have ~~seen~~ seen him out of the corner of my eye but it was a crazy situation. I had to zoom in on the video in slow motion to see what I saw. In the zoomed in screenshots you can see Mr. Kearney following and filming us. The 1st screenshot is :05 seconds into the video with him across the street on the Registry of Deeds steps. The 2nd screenshot is @ the :30 second

Mark of Mr. Kearney now behind a woman in a Minions hat filming the group I was with. As the video went on and we were now walking beside the Registry at Deeds to the parking lot, @ the 1:34 & 1:39 mark Mr. Kearney has now moved to the corner of the wall filming us. My estimate of distance from us was approx. between 50-70ft. Well inside of 100yards. Almost as he was stalking his prey. Like I stated earlier you need to zoom in on the video @ those time marks and you can see Mr. Kearney. I attest that I took this video and the screenshots of this video.

Furthermore, I would like to remain anonymous for the protection of my family and myself. If the District Attorney needs my name that is fine, but until then while this video is in your hands I would like my name withheld.

The D.A. knows how to get in touch with me if he needs ~~it~~ to talk.
